02/22/08 10:00 EST 0

Low pressure tracked to the Ohio Valley as cold air at the surface was already entrenched. This resulted in snow and significant ice accumulations over much of the region.

OHIO, Southwest

(OH-Z026) HARDIN, (OH-Z034) MERCER, (OH-Z035) AUGLAIZE, (OH-Z042) DARKE, (OH-Z044) LOGAN

02/01/08 00:00 EST 0 Winter Storm

02/01/08 08:00 EST

Snow overspread the Ohio valley on Thursday night, January 31st, 2008. Overnight, a significant amount of warm air was pulled into the region, changing the precipitation type to freezing rain. By 6 am on the morning of February 1st, enough warm air had been pulled north by the system to change to plain rain for most of the forecast area with above freezing surface temperatures.

> 02/07/08 11:00 EST 20K Flood (due to Heavy Rain) 02/09/08 06:00 EST 0 Source: Law Enforcement

Numerous roads were flooded and closed in western Logan county, including State Route 235 between Lakeview and State Route 708 and State Route 720 between State Route 235 and US Route 33. Several evacuations were necessary along the south shore of Indian Lake between Lakeview and Russells Point

Flooding continued across Logan County from excessive rainfall on February 5 and 6.
